AMERICAN IMPORTS
LEAD IN CANADA

For Seven Months the United States Have Furnished Fifty-Six Per Cent.

UNFAVORABLE TARIFF LAWS.

Iron, Steel, Breadstuffs, Provisions, Live Animals and Tobacco Are Chief Products in Which This Country Excels All Others.

The Republic Bureau,
16th St. and Pennsylvania Ave.,
Washington, April 10.—Canadian import figures indicate that the manufactures and merchandise of the United States are popular with the people of Canada. The statistical statement of Canadian commerce, just received by the Treasury Bureau of Statistics, covering the commerce of the seven months ending with January, 1903, shows that Canada imported from the United States during that time \$2,000,000 worth of merchandise, against \$2,000,000 worth from the United Kingdom, and \$2,000,000 worth from all other parts of the world. In other words, the United States supplied 56 per cent of the imports of Canada in the seven months ending with January last. The United Kingdom supplied 27 per cent and the remaining portion of the world 17 per cent.

This large importation from the United States by Canada is especially interesting in view of the fact that the Canadian tariff permits the introduction of products from the United Kingdom on payment of only two-thirds the duty which goods from other parts of the world, including the United States, must pay. This reduction in tariff on goods from the United Kingdom is against goods from other parts of the world which began some four years ago, and the reduction on British goods increased until it reached 2 1/3 per cent, in spite of this fact, the United States supplies to Canada twice as much merchandise as does the United Kingdom.

LIST OF THIRTY-SIX ARTICLES.
In a large proportion of articles or classes of articles imported into Canada, the United States supplies a larger share than does the United Kingdom. In a list of thirty-six principal importations into Canada, twenty-five show larger importations from the United States than from the United Kingdom. The ten articles in which the United Kingdom supplies a larger share of the Canadian imports than does the United States are: Cotton manufactures, flax and hemp manufactures, silk manufactures, wool manufactures, tin and manufactures thereof, earthen and stoneware, spirits and wines, tea, wool and fancy articles.
Of the articles of which the United States furnishes a larger supply than does the United Kingdom, the principal ones are manufactures of iron, steel, breadstuffs, provisions, live animals, tobacco and its manufactures, paper and its manufactures, and electrical apparatus. Taking up in detail the articles in which the imports from the United Kingdom are larger than those from the United States, the figures for the seven months ending with January, 1903, stand:

WOOL FROM UNITED KINGDOM.
Wool manufactures, from the United Kingdom, \$2,000,000; from the United States, \$1,500,000; from all other sources, \$1,500,000. United Kingdom, \$2,000,000; United States, \$1,500,000; from all other sources, \$1,500,000. United Kingdom, \$2,000,000; United States, \$1,500,000; from all other sources, \$1,500,000.

SKYSCRAPER PERMIT GRANTED.
Nelson Chesman & Co. to Erect Twelve-Story Office Building.
Nelson Chesman & Co. were yesterday granted permission to erect a twelve-story office building at Nos. 1127 and 1129 Pine street. The building will be constructed of brick, and the estimated cost is \$200,000.
A permit for another large office building was also granted yesterday to Paul Brown, who proposes to erect a five-story brick office building at Nos. 201 and 203 South Broadway. The structure will cost \$100,000.
Other permits were granted to the following:
August Harter, two-story brick at No. 423 Clayton avenue, to cost \$4,838; Lindell Gordon, to alter front of brick structure at No. 1308 Olive street, at a cost of \$1,000; and Fred Straube for alterations at Nos. 360, 348 and 346 South Broadway at a cost of \$1,400.

WOODMEN TO BE ENTERTAINED.
Funds Are Collecting for Meeting World's Fair Expenses.
St. Louis Modern Woodmen are making great preparations to entertain visiting members of their order during the World's Fair. At a recent meeting of St. Louis Association Camp, No. 380, a committee was appointed to raise funds for that purpose. The Modern Woodmen of America is the largest fraternal secret society in existence, having over eleven thousand camps in the United States, with something like a total of 70,000 members.

The St. Louis Camp estimates that one-third of these members, together with their friends and families, will visit St. Louis during the celebration of the Louisiana Purchase, which will bring the number of visitors of that order close to the million mark. This is rather a large crowd, and the St. Louis Camp has taken, but it has selected the hustling element in the society and is working hard to push it through.

SENATOR SCHOENLAUB UNDER INDICTMENT
Charge of Establishing a Lottery Is Made Against Him and John Moynihan.
SHERIFF SEARCHING FOR BOTH.
Capitales in Hands of the Deputies Since Monday Unserved, Although Schoenlaub Was at Four Courts Thursday.

Deputy Sheriffs are searching for State Senator William J. Schoenlaub, to arrest him on the charge of maintaining a lottery. Schoenlaub was at the Four Courts as the Grand Jury witness Thursday, but the capias was not served.
The last Grand Jury indicted Senator Schoenlaub and John Moynihan. The technical charge is establishing a lottery, but the real offense, according to the indictment, is maintaining a policy game. It is charged that they are at the head of the Standard Policy Company. The headquarters, it is alleged, were at Schoenlaub's saloon, No. 112 North Twelfth street.
The indictments were returned by the Grand Jury Saturday. Capiases for the arrest of the defendants were not issued by the Circuit Court Monday. They were then sent to the Sheriff's office.
DEPUTIES ARE OVERWORKED.
Chief Deputy Sheriff Schilling, when asked why the capiases were not served before this time, replied that the deputies had more work than they could do getting enough men to serve on the Grand Jury and summoning witnesses who were wanted in the courts.
He declared that when Senator Schoenlaub was served with a subpoena to appear before the Grand Jury on Thursday, he was held by a dozen Deputy Sheriffs, without being mistreated by any of them.
It is not believed that Senator Schoenlaub has attempted to evade service of the capias issued for his arrest, but that he will appear at the Four Courts to-day to answer the charge and give bond. The charge against him is a felony.
Schoenlaub lives at No. 1402 North Twelfth street. The Sheriff's office has been asked to send for him to tell what he knew of legislation on the baking powder bill. It is understood that he was a preliminary witness in connection with the scandal, the Grand Jury having learned that he possessed only heretofore evidence.

JOHN MOYNIHAN, A FRIEND OF BUTLER.
John Moynihan, who is indicted with Schoenlaub, is well known in political circles. He has been one of Butler's faithful men. Until about a year ago he was a deputy sheriff, but he was removed from that position because of his connection with the scandal. He is now engaged in the undertaking business.

The Standard Policy Company, it is understood, did a thriving business before the Grand Jury decided to investigate the affairs of such a company. The raid on Little Henry policy shop at No. 36 South Tenth street resulted in the closing of all such places in the city, and the form of gambling is practically wiped out of the city.

In connection with the Grand Jury's investigation of the Little Henry case, Frank Cronin and Frank Miller were indicted. They have given bond of \$1000 for each and are in the custody of the Sheriff. Similar bonds will be required of Schoenlaub and Moynihan.

Continued Reading by Night
Will soon disclose any defects of the eye. Immediate consultation with Doctor Bond will remedy them. Examination free.

BIDS FOR FREE BATHHOUSE.
Board of Public Improvements to Erect Building in Park.

The Board of Public Improvements yesterday decided to advertise for bids for the erection of a public bathhouse in the South Side Park. Bids will be received on April 28. The cost of the bathhouse will be \$3,000. On the same day the board will receive bids for the reconstruction of Engine-house No. 4, located at Eleventh street and Locust avenue, also, for supplying coal for the waterworks.

Contracts for the reconstruction of sixteen streets will be let by the board on April 28.

Hill and Morgan Confer.
New York, April 10.—President J. J. Hill of the Northern Securities Company was at his office to-day, calling later on J. P. Morgan. Mr. Hill made quite a stay at Mr. Morgan's, for supplying coal for several members of the firm. None of those interested would comment further on yesterday's decision of the United States Circuit Court.

SURVEY OF KING'S HIGHWAY.
Street Commissioner Ready for Construction of Boulevard.

Street Commissioner Charles Varrenmann has ordered a survey of the south end of King's Highway boulevard, with the idea of having a survey of the preliminary work to the construction of the boulevard done as possible by the time the city comes in possession of the funds with which to commence actual work.

Just now the city has not sufficient funds to continue the improvement of this boulevard, but Mayor Wells suggested to Commissioner Varrenmann that a survey be made, and all that could be done be completed in anticipation of the city soon coming into possession of funds for the boulevard work.

The continuation of the work is contingent upon the election in June, when the voters of the city will decide the proposition of issuing bonds for public improvements.

ASK WORLD'S FAIR BOND.

Board of Public Improvements Request Mayor to Act.

At the meeting of the Board of Public Improvements yesterday a resolution was adopted asking Mayor Wells to use his efforts in securing from the Louisiana Purchase Exposition Company a bond of \$50,000, which the board has demanded as a guarantee that that portion of Forest Park used by the Exposition Company will be improved after the closing of the Fair.
The board also informally discussed the part the departments of the city government would take in the civic parade, May 2.
Sewer Commissioner E. A. Hermann submitted an outline of a float he has in view to represent the sewer department. Commissioner Hermann's idea is to show the various sewers by means of large pictures, thus giving the public an idea of the interior of a sewer. The parade matter will be formally discussed by the board at next Tuesday's meeting with Colonel Spencer, grand marshal of the parade.

To-Morrow's Bride

SUPERSTITIOUS PEASANTS CAUSE A SERIOUS RIOT.
Objected to Strange Corpses Passing Through Their Locality as Omen of Ill Fortune.

Vienna, April 10.—An extraordinary case of superstition has occurred in Hungary. A peasant living at Nostany died while attending the market in a neighboring town. His relatives started homeward with the body, but were forcibly prevented from traversing the village of Harth, the inhabitants asserting that the passage of a strange corpse through the place would lead to misfortune.

Re-enforced by gendarmes the relatives made a second attempt to pass through the village, but were confronted by the entire population, armed with pitchforks and similar weapons. The gendarmes were driven back by the villagers and thereupon fired a volley at the crowd of men, women and children, killing two persons and wounding many others.
